Authorisation Statement

Crown Wealth Management Limited is Authorised and Regulated by the Financial Conduct Authority. The Financial Conduct Authority (FCA) regulates financial services in the UK and you can check our authorisation and permitted activities on the Financial Services Register by visiting the FCA's website www.fca.org.uk/firms/systems-reporting/register or by contacting the FCA on 0800 111 6768.

Our services

Crown Wealth Management Limited is able to act on your behalf in advising you on investments and non-investment insurance contracts. We offer products and services as follows:

- **Investments** - we offer an Independent advice service. We will recommend investments based on a comprehensive and fair analysis of the market. We will place no restrictions on the Investment Markets we will consider before providing investment recommendations, unless you instruct us otherwise. However, we will only make a recommendation when we know it is suitable for you.
- **Non-investment protection contracts** - we offer non-investment protection products e.g. Term Assurance, Income Protection and Critical Illness from a range of insurers.
- **General Insurance Contracts** - we offer General Insurance contracts e.g. Buildings and Contents from a range of insurers.

We offer you an initial discussion (without charge) at which we will describe our services more fully and explain the payment options. If you decide to go ahead, we will:

- Gather personal financial information about you, your aims and objectives.
- Recommend and discuss any action we think you should take and with your agreement, arrange relevant solutions for you.

You should be aware that investments carry varying degrees of risk and, as their underlying value can fall as well as rise; you may not get back the full amount invested.

Your aims and objectives

Unless we notify you in writing to the contrary, we will be treating you as a "retail client" for Investment business and a consumer for General Insurance business. This means that you are afforded the highest level of protection under the regulatory system and should have the right to take any complaint to the Financial Ombudsman Service.

Any advice or recommendation that we offer to you, will only be given after we have assessed your needs and considered your financial objectives and attitude to any risks that may be involved. We will also take into account any restrictions that you wish to place on the type of products you would be willing to consider.

With very few exceptions, we will confirm to you in writing the basis of our recommendations along with details of any special risks associated with the products recommended.

Full details of the products we recommend to you including, for example, the minimum duration of the product, information on your right to cancel or whether no right to cancel exists, and any other early termination rights and

penalties, will be covered in the relevant product disclosure information you will receive before conclusion of any contract.

We will issue any documentation/recommendations and any other communication to you in English (unless agreed otherwise).

We may also, on occasion, advise on other financial products which are not regulated by the FCA under the Financial Services and Markets Act 2000. The Financial Services Compensation Scheme does not apply to any of these products.

Under the terms of this agreement, we may, if appropriate, advise you on investments which are not readily realisable. We would draw your attention to the risks associated with these investments as there is a restricted market for them. In some circumstances it may therefore not be possible to deal in the investment or obtain reliable information about its value.

Our Ethical Policy

We are committed to providing the highest standard of Financial Advice and service possible. The interest of our clients is paramount to us and to achieve this we have designed our systems and procedures to place you at the heart of our business. In doing so, we will:

All policy documents will be forwarded to you as soon as practicable after we receive them. If there are a number of documents relating to a series of transactions, we will normally hold each document until the series is complete and then forward them to you.

Instructions

We prefer our clients to give us instructions in writing, to aid clarification and avoid future misunderstandings. We will, however, accept oral instructions provided they are confirmed in writing. We reserve the right to record instructions, client meetings and telephone conversations.

Material Interest

We will act honestly, fairly and professionally known as conducting business in 'Client's best interest' regulations. Occasionally situations may arise where we or one of our other clients have some form of interest in business transacted for you. If this happens or we become aware that our interests or those of one of our other clients conflict with your interest, we will write to you and obtain your consent before we carry out your instructions, and detail the steps we will take to ensure fair treatment.

Force Majeure

Crown Wealth Management Limited shall not be in breach of this Agreement and shall not incur any liability to you if there is any failure to perform its duties due to any circumstances reasonably beyond its control.

Termination

The authority to act on your behalf may be terminated at any time without penalty by either party giving seven days' notice in writing to that effect to the other, but without prejudice to the completion of transactions already initiated. Any transactions effected before termination and a due proportion of any period charges for services shall be settled to that date.

The Advice Process

As a company, Crown Wealth Management Limited is committed to building long term relationships with our clients built on trust and transparency. We offer an initial meeting in our offices at our expense in order for you to decide if the services available and the associated costs offer value, can help you achieve your goals and objectives and for us to determine whether we can be of service.

We will always agree our fees before we commence work and explain the options available with regards payment. Under current legislation our services are not subject to VAT but should this change in the future and where VAT becomes due we will notify you before conducting further work.

We recognise that all our clients have different financial needs and objectives and we will build an appropriate plan. In order to clarify the expectations of all parties and to provide transparency of charges we set out in this document the services available and associated costs. Please feel free to contact us if you wish to discuss any aspect of these terms.

There are six stages to the advice process:

1. Initial meeting – allows us to discuss the advice you require and an opportunity for us to explain how we may help and the cost of our services
2. Discovery – helping you to get organised, gathering personal and financial data and understanding your goals
3. Analysing and Evaluating your situation
4. Develop and present the financial plan or recommendation report
5. Implementation
6. On-going review and monitoring of your investments

Initial Meeting

The initial meeting will be held at our expense and will comprise of:

- A meeting with one of our qualified financial planners
- A chance to ask questions and understand what we do
- Opportunity for us to find out what advice you require
- Discuss the options available to you from our menu of services
- Provide our client agreement and service proposition agreement and confirm our charges

Discovery Meeting

If a decision is made to proceed we will carry out an extensive assessment of your personal and financial circumstances at the outset, to establish your financial planning requirements. This will include:

- Client agreement and service proposition signed
- Gathering of information about your individual circumstances, your career or business interests, your existing assets and financial arrangements, information relating to your income, your expenditure, existing financial arrangements and any liabilities you may have.
- Understanding of your investment knowledge, your appetite for risk, your capacity to cope with losses and your investment time horizon. This helps us to analyse your existing holdings and recommend a diversified portfolio that matches your risk profile and the subsequent assessment and suitability of any existing holdings.

- Understanding your goals and requirements so we can provide advice that is suitable and helps you to achieve your objectives.

Analysing and Evaluation

Your Financial Planner will then analyse and evaluate the information received to formulate the advice required to address your goals and objectives. At this stage we may refer back to you prior to issuing the advice for discussion or for additional clarification.

Develop and Present the Financial Plan or Recommendation Report

The advice will then be provided to you either as a Financial Planning, Investment Report or as a Suitability Letter depending on the advice provided. It will include:

- Our written recommendations
- For investments the recommendation includes an asset allocation model that matches your risk profile and capacity for loss including assessment and suitability of any existing holdings
- Arranging a second appointment to explain and discuss our recommendations in detail

When you receive our report/financial plan it will be your decision whether to implement our recommendations either completely or in part.

Policy Arrangement and Implementation

The implementation of our recommendations includes where appropriate:

- Handling of all fund and policy administration on your behalf
- Regular updates to keep you informed of progress
- Ensure all your documents are issued in line with your expectations
- Provide confirmation of all actions taken on your behalf in writing

Reviews – On-going Management Service

Your financial objectives may alter over time due to changes in your lifestyle or circumstances. We believe it is essential to ensure that your portfolio continues to meet your lifestyle and investment objectives. Our on-going review service includes:

- Structured reviews to give you piece of mind
- Assessment of your current circumstances and any changes to your plans that are needed
- Regular updates and information regarding your holdings
- On-going support with correspondence and administration issues

It is not compulsory for you to sign up to our review service and we do offer a transactional only service that incurs no on-going fee. Regarding retirement planning options such as drawdown we reserve the right not to offer initial advice unless an on-going review service is chosen at outset.

Our investment services and costs

Initial Meeting

We do not charge for the initial meeting. This helps us to understand your individual circumstances and financial objectives and give us an opportunity to discuss with you the services we offer. We will also discuss the cost of our services both initially and throughout our relationship with you.

Initial Financial Planning Fee

The cost of our preparing and presenting a financial plan is between £500 and £3000 depending on the complexity and the number of financial areas and issues we are to consider. This fee will be agreed with you prior to us commencing the advice process and is payable on provision of the report containing our recommendations. If our recommendations include the implementation of investment and pension advice and you ask us to proceed, we will offset the initial financial planning fee against the implementation fee we charge.

Policy Arrangement & Implementation

Should you instruct us to proceed with any of our recommendations we will act for you in the following ways:

- Handle all fund and policy administration on your behalf;
- Provide regular updates to keep you informed of progress;
- Ensure all your documents are issued in line with your expectations;
- Provide confirmation of all actions taken on your behalf in writing.

We charge an initial adviser fee on any new monies invested, or any new recommendations. Our fee for this service is based on a percentage of the amount you invest and/or transfer.

- 1% with a minimum fee of £1,500*

* The minimum charge is reduced to £400 when an additional payment is made to an existing portfolio. If you subscribe to our on-going Investment or Wealth Management Service, there will be no initial fee charged in respect of future fund switches to your investment portfolio if held on the same investment platform or Wrap. This includes moving money from your General Investment Account to your NISA.

This payment can either be taken from your investment upon receipt by the policy or platform/WRAP provider or paid directly by you.

Examples

Example 1; If we agree an initial Financial Planning Fee of £500 and then arrange an investment on your behalf for £100,000 our Policy Arrangement & Implementation fee would be the minimum fee of £1,500. The total fee payable would therefore be £2,000.

Example 2; If we agree an initial Financial Planning Fee of £500 and then arrange an investment on your behalf for £200,000 our Policy Arrangement & Implementation fee would £2,000. The total fee payable would therefore be £2,500.

Policy Arrangement & Implementation – Regular Savings or Investments

Our charge for implementing a regular contribution savings or investment plan is 25% of the first year's contributions with a minimum fee of £500. You can pay this directly on commencement of the policy.

Example 1; if your monthly contribution is £100 our Policy Arrangement & Implementation fee would be £500.

Example 2; if your monthly contribution is £200 our Policy Arrangement & Implementation fee would be £600.

Our Insurance and Protection Services and Costs

Similar to our investment services, we will provide you with a personal and financial review prior to making our recommendation(s) to you. Should you accept our recommendation(s) we will arrange the implementation of this/these for you of which there is a minimum fee of £500.

We will normally receive commission from the policy provider. However, if the commission is nominal we will charge an additional fee for our advice. As an example we would require a minimum of £500 for advice relating to protection business where the policy is not taken up or the commission is less than £500. You will not be subject to VAT for this service.

Cancellation rights

In most cases you can exercise a right to cancel by withdrawing from the contract. In general terms you will normally have a 30-day cancellation period for a life, pure protection, payment protection or pension policy and a 14-day cancellation period for all other policies.

For pure protection policies the start of the cancellation period will normally begin when you are informed that the contract has been concluded or, if later, when you have received the contractual terms and conditions. In other cases, the cancellation period will begin on the day the contract is concluded or, if later, the day on which you receive the contractual terms and conditions. Instructions for exercising the right to cancel, if applicable, will be contained in the relevant product disclosure information which will be issued to you.

If you cancel a single premium contract, you may be required to pay for any loss you might reasonably incur in cancelling it which is caused by market movements. This means that, in certain circumstances, you might not get back the full amount you invested if you cancel the policy.

This is our standard client agreement upon which we intend to rely. For your own benefit and protection, you should read these terms carefully before signing them. If you do not understand any point please ask for further information. This agreement supersedes any previous Client Fee Agreement made with the firm.

Service Proposition & Engagement Document

Your financial objectives may alter over time due to changes in your lifestyle or circumstances. We believe it is essential to ensure that your portfolio continues to meet your lifestyle and investment objectives. Our on-going review service includes:

- Structured reviews to give you piece of mind
- Assessment of your current circumstances and any changes to your plans that are needed
- Regular updates and information regarding your holdings
- On-going support with correspondence and administration issues

It is not compulsory for you to sign up to our review service and we do offer a Transactional only service that incurs no on-going fee.

On-going Advice Fees

Initial advice, especially when it includes investment advice, should be reviewed on a regular basis to ensure the asset allocation still matches your risk profile, that the funds are still appropriate and that Capital Gains Tax and income is managed effectively within your portfolio. We recommend for these reasons that you agree to our on-going review service at a cost up to 1% p.a. which is usually payable monthly in arrears, direct from your investment wrap or investment platform or direct from the product provider.

Should you wish to pay directly, you can pay the fees monthly by standing order. At each anniversary of this agreement we will revalue your investments/policy(ies) and notify you to any revised annual charges due to any fluctuation of your investment(s) at that time.

It should be noted that it is not compulsory for you to sign up to a review service. On this basis we will classify you as a Transactional client where no on-going advice will be provided, unless a new initial fee is agreed prior to advice being provided.

When the level of on-going services has been agreed these are deemed to commence immediately. You can choose to cancel this at any time by providing us with written confirmation of your decision. Payments would then cease within 7 business days or after collection of any due proportion of any period charges if later.

Service Levels

Crown Wealth Management aims to provide our clients with a high level of personal service aligned to a pre-agreed service level. This ensures that your plans, investments and goals are regularly reviewed to ensure they match your needs.

Our charges are currently not liable to VAT but this may change in the future. Should we need to increase our charges after this period, you will be given notice of this fact and the opportunity to decide whether to continue with the revised level of charges.
